# NOTICE REGARDING ROOFING WORK

This notice is being distributed with roofing permits to inform building owners of a key requirement of the Illinois Department of Financial and Professional Regulation (IDFPR). IDFPR requires all roofing contractors to be licensed by the State of Illinois in order to perform roofing work. This state law does, however, allow building owners to obtain a roofing permit and perform their own roofing work for their own building, but the building owner may not hire the work out to a non-licensed roofing contractor or individual. This requirement can be beneficial to the building owner because in order for a roofing contractor to become licensed by the State, he or she must meet certain qualification requirements, and must meet guidelines for insurance, bonding, etc. To obtain additional information, visit the IDFPR website at www.idfpr.com

The undersigned building owner acknowledges the above requirements:

**Owner Information**:

NAME_____ _____ _____

First Last Phone Number

_____ _____ _____ _____

Address City State Zip Code

Email: _____

_____ _____

Signature of Owner Date
